Fondata nel 1966, l'Industria Mobili F.lli Corazzin presenta cinque decenni di sviluppo straordinario, derivato da costanti investimenti in ricerca, tecnologia e informatizzazione, che associati ad elevati standard qualitativi di produzione l'hanno portata a essere riconosciuta come un'Azienda leader nel settore.

Le produzioni seriali sono attuate da macchinari di ultima generazione, che raggiungono le postazioni dei tecnici specializzati e le arricchiscono attraverso quelle attenzioni artigianali che ci permettono di personalizzare il prodotto e che ci fanno distinguere in tutto il mondo come marchio Made in Italy.

Siamo certi del prodotto che offriamo al nostro cliente perché l'intero ciclo di produzione si svolge all'interno dello stabilimento e sotto il nostro controllo, dalla sezionatura alla foratura, dall'assemblaggio all'imballo e spedizione, garantendo così non solo la qualità, l'innovazione e il design del prodotto, ma anche il servizio tempestivo e professionale.

Founded in 1966, Industria Mobili F.lli Corazzin, presents five decades of extraordinary growth derived from constant investments in research, technology and computerization, which combined with the high quality standards of production, brought it to be recognized as an industry leader.

The serial production are carried out by latest machinery which reach the locations of skilled workers who complement and enrich them through those craftsman attentions that allow us to personalize our product and let us distinguish worldwide as a brand Made in Italy.

We are confident of the product we offer our customers, because the whole production cycle that takes place within the plant, is under our control, by sectioning the hole, from assembly to packaging and shipping, granting not just the quality innovation and the product design but also the prompt and professional service.

Fondée en 1966, Industria Mobili F.lli Corazzin a cinq décennies de croissance extraordinaire, provenant d'investissements constants dans la recherche, la technologie et l'informatisation qui, avec niveau élevées de qualité de production a conduit à être reconnue comme un leader dans secteur.

Les productions de série sont mises en œuvre par des machines des dernières génération qui atteignent les positions des techniciens spécialisés, qui les enrichissent à travers ces attentions d'artisanat, qui nous permettent de personnaliser le produit et qui nous font distinguer dans le monde entier comme marque Fabrique en Italie.

Nous sommes convaincus du produit que nous offrons à nos clients parce que le cycle de production se déroule dans notre usine, il est sous notre contrôle, du sectionnement au percement, de l'assemblage à l'emballage et l'expédition en assurant ainsi non seulement la qualité, l'innovation et la conception des produits, mais aussi le service rapide et professionnel.
